BUILDING

Laying the cornerstone . . . January 14, 1955

FOREWORD

"When we build let us think that we build forever. Let it not be for present delight, nor for present use alone. Let it be such work as our descendants will thank us for, and let us think, as we lay stone upon stone, that a time is come when those stones will be held sacred because our hands have touched them, and that men will say as they look upon the labor and wrought substance of them, 'See! This our fathers did for us'.

John Ruskin

As we look in retrospect at the past four years, we realize that we have had the privilege of building our lives from an educational program replete with opportunities. Since the durability of any structure reflects the thoroughness with which the foundation is laid, our learning has been cumulative; each step has been used as the foundation upon which to build another step. While we were concerned with the serious pursuit of scholastic achievement, we were also enjoying athletic feats, dramatic and musical accomplishments, as well as many other activities. In addition we were nur-

tured in the ideals of honor, loyalty, and integrity. We learned that the success of our lives was not dependent upon any one of these accomplishments but on a composite of all of them.

In this, the thirty-eighth edition of the Echo, we have attempted to capture the spirit of enjoyment which we knew at CASHS and to picture the basic steps in our educational structure. In the years to come may this record be the means of recalling to mind the many happy experiences of your high school life.

Entering the new

DEDICATION

The school is one of the focal points of interest in any community. It is here that the citizen of tomorrow is taught the fundamentals of learning as well as an awareness of his responsibility to his community and nation. With each succeeding generation, the schools have improved, so that the students of today have the advantage of a greatly enriched curricular and extra-curricular program. We are particularly fortunate to live in a community that is intensely interested in the educational development of its youth. The new senior high school will offer greatly increased opportunities for evolving a more satisfactory life. Although we of the present senior class will have the advantage of attending school in this new building for only a few months, we are exceedingly proud to be the first graduating class of the Chambersburg Area Senior High School. It is the underclassmen and the future students of CASHS who will reap the greatest benefits provided by this recent educational expanse. It is to these future graduates that the Senior Class wishes to dedicate this 1955 edition of the Echo. May each of these students utilize to the fullest extent the opportunities provided him.

IN APPRECIATION

Miss Anna Bittinger

SENIOR ADVISERS

During our four years in high school we have had many problems to solve and many decisions to make. Without the wise counseling and the constant assistance and encouragement of our class advisers, we would not have been able to meet each challenge satisfactorily. They willingly gave of their time to facilitate the successful completion of every project and endeavored to make our stay in high school a pleasant as well as a rewarding one. To our advisors, Miss Anna Bittinger and Mr. Glendon Week, we extend our sincere thanks and appreciation. May we reflect the kindness and wisdom which continually characterized their advisorship.

To the Class of 1955

"Build thee more stately mansions, O my soul,
As the swift seasons roll!
Leave thy low vaulted past!
Let each new temple, nobler than the last,
Shut thee from heaven with a dome more vast,
Till thou at length art free,
Leaving thine outgrown shell by
life's unresting sea!" — Holmes

Your high school course has been but the foundation for your life structure. Keep building as you face post-high-school days. Remember that good moral character is one of the chief cornerstones for successful life achievement. Be loyal to yourselves, your friends, your employers, and your Creator. This is at least part of the formula Holmes had in mind when he penned the above immortal words.

Members of the Class of 1955:

The theme of this yearbook, *The Echo*, is "building." Your four years in the Chambersburg Area High School should serve as a good foundation for your future building. You have the remainder of your life to build. An important requisite for living is the ability to get along well with all people. If you have not learned this in school, you should try to acquire the ability. It will help you to be successful in your home, your work, your church, and your community. When citizens of a nation learn how to get along well with people, the nation will be able to live peacefully with other countries. May all of you be successful in building your lives.

Sincerely,
Ralph I. Shockey

THE HI-Y AND TRI-HI-Y CLUBS

More than six hundred pupils of the senior high school are enrolled in the Hi-Y and Tri-Hi-Y clubs. These character-building organizations operate under the program of the State YMCA.

At the present time there are three Tri-Hi-Y clubs with approximately four hundred members. The activities of these girls range from projects which serve the entire community to those which benefit the individual. Older girls throughout the year volunteer their services as ushers for various events in the high school such as community concerts, plays, Christmas programs, and musical productions. They contribute much time to the addressing of envelopes

for the March of Dimes and cooperate in disabled veterans' projects. The Tri-Hi-Y girls sponsor faculty teas as well as dances for the young people.

There are also three Hi-Y organizations. The activities of these clubs are varied and depend largely upon past experiences and ages of the groups. Boys operate the Salvation Army booth at Christmas, collect and repair toys for children, and fill Christmas baskets for the needy. Older boys represent Model Legislature which is sponsored by the YMCA. For several weeks all the clubs participate in the study of Teen Talk, a booklet presenting problems of youth in the family, school, and town.

Miss Jeanne Kirby, Mr. J. Kenneth Gabler

The Student Advisory Council is composed of the class presidents and the representatives from the various home rooms and clubs. It acts as the students' voice in the governing of the school and tries to aid in the directing of all worthy activities.

Although the activities of the club have

been somewhat restricted this year because of half-day sessions, members are hoping to compile a student directory during the second semester. The directory, which is an annual project of the club, will contain the names, addresses, and telephone numbers of the student body and the faculty.

SAFETY PATROL

Adviser — Mr. William Nickey

The safety patrol is composed of volunteer members from all classes in the high school. These students try to enforce safety regulations by directing school traffic at noontime and after school. It is their objective to make the student body safety-conscious as well as to develop an attitude of respect for all safety regulations.

Members of the Hall Squad maintain order in the halls, keep traffic moving on the stairs, help to keep the corridors and washrooms clean and neat, give notification of any emergency situation in the building, and escort visitors to their destination. This service club helps to make our school a place where courtesy is practiced and where order is maintained.

"Parrots" are heard many times throughout the year as students eagerly get their copies and enthusiastically read each article.

A bi-weekly publication of the Chambersburg Area Senior High School, the Parrot is published by the students for the students under a faculty adviser. The members of the Parrot

Staff are chosen on the basis of their ability to think and write. The best reward for serving on the staff is the valuable experience in journalism gained thereby.

The Parrot creates its own funds and pays its own expenses and is therefore to a great extent, self supporting.

LIBRARY STAFF

President Phyllis Sollenberger
Vice-President ..	Clara Myers
Secretary-Treasurer ..	. Bonita Angle
Advisers	Mrs. Mildred S. Bender Miss Josephine McGovern

The Library Staff is made up of members from all four classes. These students assist the librarians in giving helpful service to members of the faculty and student body. Their duties consist of charging, returning, and repairing books and magazines, typing, filing, and taking general care of the library. Each member serves one period a day and receives credit according to the amount of work he does. Members receive

awards for outstanding work, but of more importance to the student is the valuable experience he gains. More skillful use of the library, working with people, and vocational experience are a few of the outstanding values which the individual staff members receive. At the same time the school benefits from the service given by the Library Staff.

In the Latin Club sophomores, juniors, and seniors who are studying Latin meet on alternate Tuesdays for additional activities associated with Roman life and customs. They become more familiar with the living conditions of the Romans, their families, their homes and furnishings, and their social relations through the medium of slide films, reports, songs, crossword puzzles, and demonstrations.

The activities in which the club is best

known are the Latin carols sung at Christmas time and the awarding of V's to first year Latin students at the end of each semester. The V standing for Victor Verborum, is a letter awarded for scholastic achievement in vocabulary.

The ultimate aim of the club is to bring alive our heritage from the classics and to create the reality of an ancient civilization which lives in our everyday language, customs, and laws.

Any interested student of Spanish may join the Spanish Club, which meets on alternate Tuesdays during activities period.

The purpose of the club is to supplement regular class work with additional study of the Spanish language and the people. Programs feature music, games, guest speakers, songs, movies, and lectures dealing with the customs and history of the Spanish-speaking countries.

It is hoped that the study of family life of nations will focus attention on differences

from, as well as similarities to, our own family life and lead to an evaluation of our own mores. By enlarging the student's cultural and informational background, the club also aims to develop an understanding of other people and their contribution to the world, thereby helping to eliminate racial and national prejudices. A realization of the interdependence of the different peoples of the world should also lead to a recognition of their own personal responsibility for fostering international understanding and peace.

FRENCH CLUB

Adviser	Mrs. Ruth Harrison

The French Club is composed of an enthusiastic group of French students who desire to learn more about the French people, their customs, and their language. Students conduct their business meetings in French so that they may gain a better command of the language. They have continued and expanded the custom of learning and singing new French songs at

each meeting. The members plan each program. This year the members have planned a record session, using French songs and French speakers, a talent show, a play, and a possible trip to the United Nations building in New York. Any member of the French Club will tell you that it is entertaining as well as educational to belong to this group.

The Choristers, a select group of twenty-six voices, are chosen each year from the ranks of the Glee Club. The main purpose of this organization is to present singing entertainment at various school and community functions. Members appear many times throughout the year particularly during the Christmas season for

church and civic organizations. Although the group must spend many hours memorizing music and rehearsing, they feel justly rewarded for their hard work when they hear the enthusiastic response of their listeners. The club rehearses every Thursday during activities period.

The Glee Club is the largest group-singing ensemble in our school. Composed of one hundred voices, this club presents two major concerts a year: the Christmas concert in December and the Evening of Music in March. The repertoire of music ranges from classical numbers to light comedy. Student accompanists are used entirely throughout the productions. The purpose of the club is to give students an op-

portunity to express and develop their singing ability. One of the most popular organizations in the school, the Glee Club determines eligibility for membership by means of auditions. Rehearsals are usually held daily during the fourth period, but this year, because of half-day sessions, members rehearse every Monday and Wednesday afternoon.

RHYTHM KIDS

Director

Mr. Philip Michaels

The Rhythm Kids do an excellent job of entertaining the student body during the year by providing music for the school dances and by presenting an annual assembly program made up of hit tunes and specialty numbers. Practice sessions are held on Tuesday evenings from 7:50 to 9:00. The experience the members gain in belonging to this dance band proves worthwhile when they join other bands or attempt to conduct a small band of their own.

Every year the band players in most sections

are lost by graduation; this year is no exception. The orchestra will lose Jack Highberger, William Myers, and Linda Heefner, saxophonists; Thomas Zimmerman, trombonist; Joe Summers and Martin Wenger, trumpeters; Duane Gorch, drummer; and Betty Rinehart, vocalist. Almost all of these members have given from three to four years of service. Although their talent will be missed greatly, in a short while underclassmen will fill the places vacated by the graduating members.

The high school orchestra furnishes appropriate music for the library play, the senior play, and other special assembly programs. Each Christmas in collaboration with the Glee Club the orchestra presents a special program of Christmas music. This joint Christmas program by both musical organizations is greatly anticipated and appreciated by the public. The orchestra also plays a prominent part at the commencement and baccalaureate programs by furnishing various musical selections. This organization of students contributes much time and talent to our school.

At every football game the band is always eager to help cheer our team on to victory. During the halftime, members perform on the field playing music and doing formations appropriate for the season. The school and the community are very grateful for the services given by the band during this time.

The annual Spring Concert is another successful undertaking for the members of the band. The concert is given two nights; the proceeds are used for equipment and supplies needed by the organization. The Spring Concert not only provides entertainment but also encourages interest in good music.

The band is always ready to offer its services for community projects such as parades. Individual soloists are also sent to various clubs and P. T. A. meetings. These special solos are appreciated and looked forward to by the public.

Unlike most organizations in the school, the band meets during the summer months in order that it might participate in various activities. For ten weeks during the summer, rehearsals are held once a week. Great effort is put forth by the students of the Chambersburg Area Senior High School for better and more interesting performances each year.

Although the Debating Club was unable to hold regular meetings at the beginning of this year, the members have continued with the club program. The club members learn to listen to both sides of an issue, to evaluate the material presented, and to formulate and express their opinions orally. The lively discussions which usually follow the presentation of an issue are

educational as well as entertaining.

Some programs planned for discussion this year include "Statehood for Alaska?" "How Good Is the United Nations?" and other topics of current interest. Each member must assume responsibility for at least one program during the year and is expected to participate in the discussion of all topics.

The Science Club is made up of thirty-six junior and senior boys, who desire a more extensive knowledge of the various phases of science. The meetings are held on alternate Tuesdays.

Activities in the club include discussions among the members, lectures by guest speakers,

films, the assembling of work kits, and excursions to places of scientific interest. This gives the students an opportunity to see the principles of science illustrated in action. The club affords an excellent opportunity for the boys to expand their knowledge of the scientific world of which we are a part.

The Camera Club was organized to give high school students an opportunity to learn more about photography and to apply in a practical way the knowledge gained. This is accomplished by study, by discussion, and by demonstration. Membership in the club is open to any sophomore, junior, or senior boy.

The club has a fully equipped dark room where members may develop roll or sheet film,

make contact prints, and enlarge pictures in their free periods or after school. With the exception of film and paper, the necessary equipment and chemicals are furnished by the organization.

Guest speakers and visits to local studios of photography provide the club with a well-rounded program.

Adviser	Mr. Philip Young

The Visual Education Club is very active in giving service to teachers and students in every department of the high school. Its expanding program necessitates the utmost loyalty, co-operation, and time from each carefully chosen member.

The film library has been greatly enlarged and now contains one hundred motion picture films and six hundred film slides. A great deal of audio-visual equipment has been added. All

of this, plus the projection of more than three hundred motion picture films which are rented from film rental libraries, attests to the annual activity and service of this club.

Members are taught the proper technique in the operation and handling of the valuable audio-visual equipment, thereby gaining experiences and skills which will be useful to them in adult life.

This organization is composed of high school boys enrolled in the vocational agricultural course. It strives to give its members the opportunity and experience of holding democratic meetings as well as to develop a practical knowledge of parliamentary procedure. Each year the club holds a leadership training conference for the officers of the Adams County, Franklin County areas.

The members attend area and state fairs where they participate in judging contests and

observe new farming methods and techniques. One of these fairs is the annual Farm Show in Harrisburg.

These future farmers perform community service projects throughout the year to promote conservation and better agricultural practices in the community. As a result of these activities the members of the Future Farmers of America are better prepared to assume civic responsibilities.

The Home Economics Club, newly organized this year, is composed of girls from the sophomore, junior, and senior classes. In addition to furthering an appreciation of home-making and worthy home membership, members promote wholesome individual and group recreation and serve other school organizations.

Their first social event of the school year is the Hallowe'en Party. This is followed by a tea at Christmas. Just before the close of the

school year, the underclass members are hostesses to the graduating members at a tea.

The program of this club is a rather busy one. Members help to make, mend, and alter all costumes for school productions. Attention is also given to self-improvement, and members spend much time in demonstrating hair styles and correct make-up procedures. A highlight of the school year is the field trip to the Harrisburg Farm Show.

An athletic organization, the Girls' Intramural Association has charge of all sports for girls. Members sponsor intramural contests in volleyball, basketball, and softball. Throughout the year the girls of this organization attend Play Day at other schools. Members also direct such individual games as bowling, shuffleboard,

ping pong, and bean bags. All activities are set up on a point system, the points being cumulative during the four years of high school. There are four emblem awards, each one being worth one hundred points. These awards are made at the end of each school year at the special award assembly.

MAT CLUB

President	Eleanor Drummond
Vice-President	Salinda Ankerbrand
Secretary	Sue Mickey
Treasurer	Jane Taylor
Adviser	Miss Janet Nell

The Mat Club is the girls' gymnastic organization. The purpose of this club is to develop better skill, grace, and coordination in gymnastics as well as to develop leadership and better sportsmanship among the girls. Members learn to use the mats, parallel bars, horse, springboard, and Indian clubs. They also receive instruction in folk and country dancing. Each year the club presents an assembly program. Membership is open to all high school girls who are interested in gymnastic activities.

At the present time plans are under way to combine the Mat Club with the Girls' Intramural Association. The new club will be known as the Girls Athletic Association.

MAJORETTES

Leader Eleanor Drummond
Director Irvin G. Valentine

Our high school band is led by thirteen high-stepping majorettes who, twirling sparkling batons and dressed in colorful uniforms, provide a picturesque front for the band at football games and parades. To become a majorette a girl must be able to march well and to twirl a baton in various routines. Two captains are chosen every year by the band members and the director. One of these girls directs the band into formations; the other leads the majorettes in twirling routines.

CHEERLEADERS

Captain Donna Stouffer
Adviser Miss Janet K. Nell

Our cheerleaders strive to lead the student body in organized cheering and attempt to promote good sportsmanship. With their quick motions and crisp voices they add to the excitement and thrill of football and basketball games. Both boys and girls may try out for cheerleading. Every year a captain is chosen by the adviser and the other members of the cheering squad. This person leads and organizes the group in cheering.

Hagerstown, September 10. The C.A.S.H.S. gridblers opened the season with a new coach and an inexperienced club. The Trojans gave a fine showing. However, the Hubs proved too fast and too many. Experience was a big factor. Final score, 39-19.

Scotland, September 17. A raging Scotland eleven took the Trojans by surprise. Luther Burns scored three touchdowns. The Trojans were stopped in their tracks. The Cadets' blocking and running were superb. Sid Wells's running was the only bright spot for us. Final score, 32-0.

Harrisburg William Penn, September 24. The Trojans were looking for their first victory. Playing inspired ball, the Blairmen took a quick lead with a 10-yard pass from Stravallo to Haulman. Penn took the lead before the end of the half, 7-6. Both squads scored in the third period. Penn overpowered us in the last quarter. A good fight, Trojans! We showed improvement. Final score, 28-12.

Shippensburg, October 1. You could tell our boys were hungry. They let Shippensburg have only one first-down in the first three quarters. Sid Wells really ran. Haulman, Westbrook, and Spedden, who did a fine job subbing for Stravallo, added touchdowns to Sid's two. Shippensburg scored on a 53-yard pass play. Final score 32-6.

Hershey, October 8. We met last year's co-champions. What a game! Do you remember Haulman's beautiful 40-yard run in the last 15 seconds for the win? The Trojans never gave up. Pogue scored the first TD on a 5-yard pass play. Kreider of Hershey really ran hard. Stravallo added two conversions. Final score, 14-7.

Hanover, October 18. Hurricane Hazel postponed the game until Monday. The field was

muddy and wet. This should have helped the Trojans, but the Nighthawks had other ideas. They scored the first two times they had the ball. Hanover's amazing sophomore, Bob Forry, showed why he was called amazing. Stravallo passed for the only C.A.S.H.S. TD. Final score 33-6.

Gettysburg, October 22. The Blairmen played their second game within five days, decisively drubbing the Warriors. A strong defense highlighted by the return of Colston Westbrook to the line stopped all G-burg threats (one with first and three to go for a TD). Stravallo threw 2 TD passes. Westbrook was terrific. Final score, 13-0.

Wavnesboro, October 29. The Trojans had a close call. After a 95-yard kickoff return by Gary Barkdoll, the Trojans woke up. They took an 18-12 halftime lead. The Indians, a new nickname for the Wavnesboro teams, gave the Trojans a scare in the second half by rallying for 2 TD's. Their last one came with 20 seconds left in the game and with the Trojans leading 25-18. The Trojans stopped the extra point and won the game.

Carlisle, November 5. The Trojans met the Thundering Herd of Carlisle with hopes of a victory. The running attacks of the Trojans worked well on their own half of the field, but Carlisle's defense proved too much for the Trojans. Considering the caliber of the Carlisle team, the Trojans played well.

Mechanicsburg, November 12. The Trojans settled down for the last game of the season against the Mechanicsburg Wildcats. This defeat gave the Trojans a record of four losses and six wins. It was the outstanding line play of Mechanicsburg in the second half that finally defeated Chambersburg.

VARSITY BASKETBALL SQUAD

Coach — Mr. Lowell Schlichter
Captain — Richard Smith

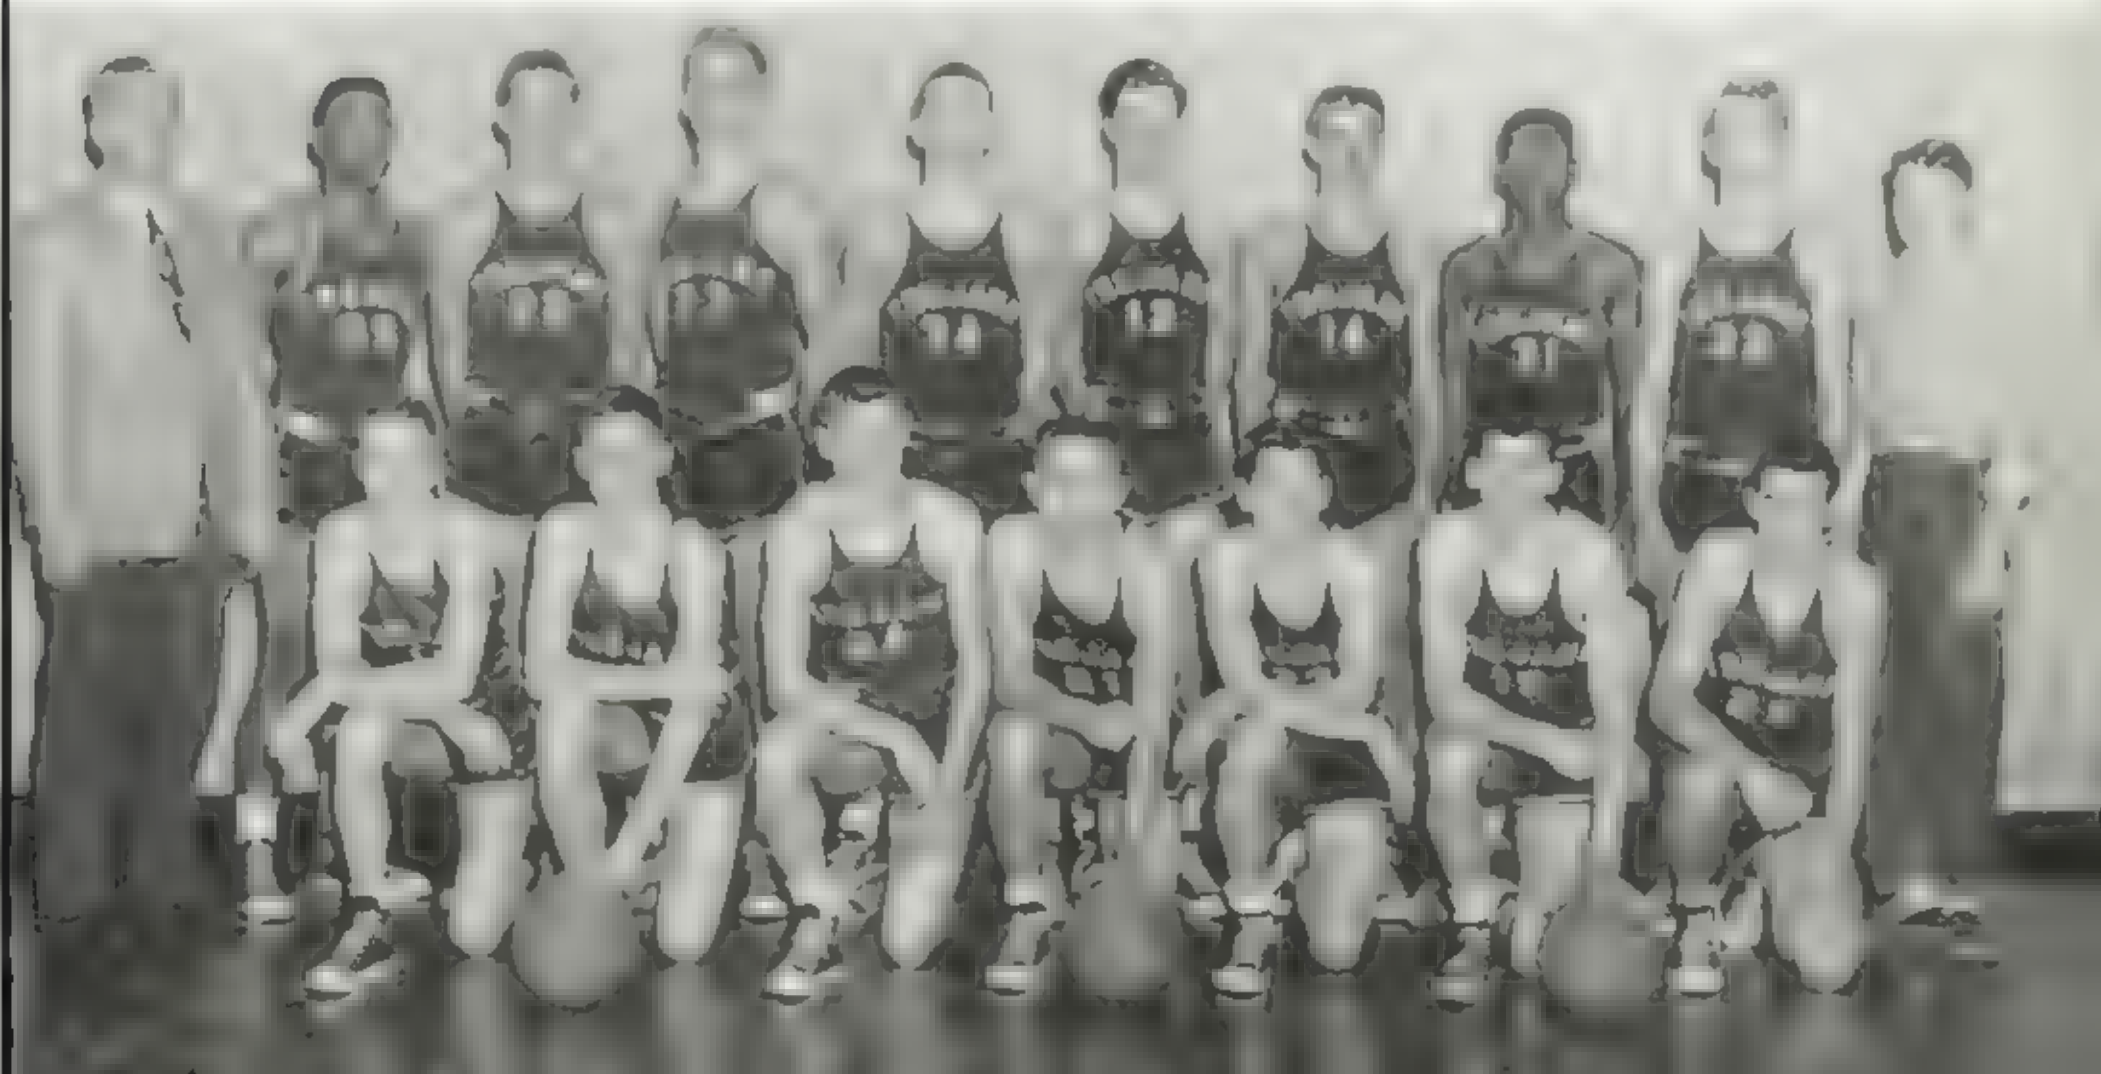

The Trojans of 1955 surprised many pessimistic fans who thought the Schlichtermen, after losing five starters last year, wouldn't have a chance to win half the games. They soon realized how wrong they were. Although the Trojans lost two of their first three games, they went on to win the first half of the South Penn Conference with a log of seven victories and one loss. Four seniors and two juniors shared most of the duties. The seniors were Dick Smith, leading rebounder and second highest scorer of the team; Charles Barnhart, fine defensive man and third highest scorer; Ed Brown, whose driving layups gave the team balance; and Paul Verdier, playmaker of the team. The juniors were Sidney Wells, team high-scorer and all-around team player; and Tom Harris, a small but scrappy center who was fourth in team scoring. The leading substitutes were Sam Butz, Percy Pogue and George Warner. The Trojans finished in a tie for second place in

the second half behind Carlisle. This necessitated a playoff.

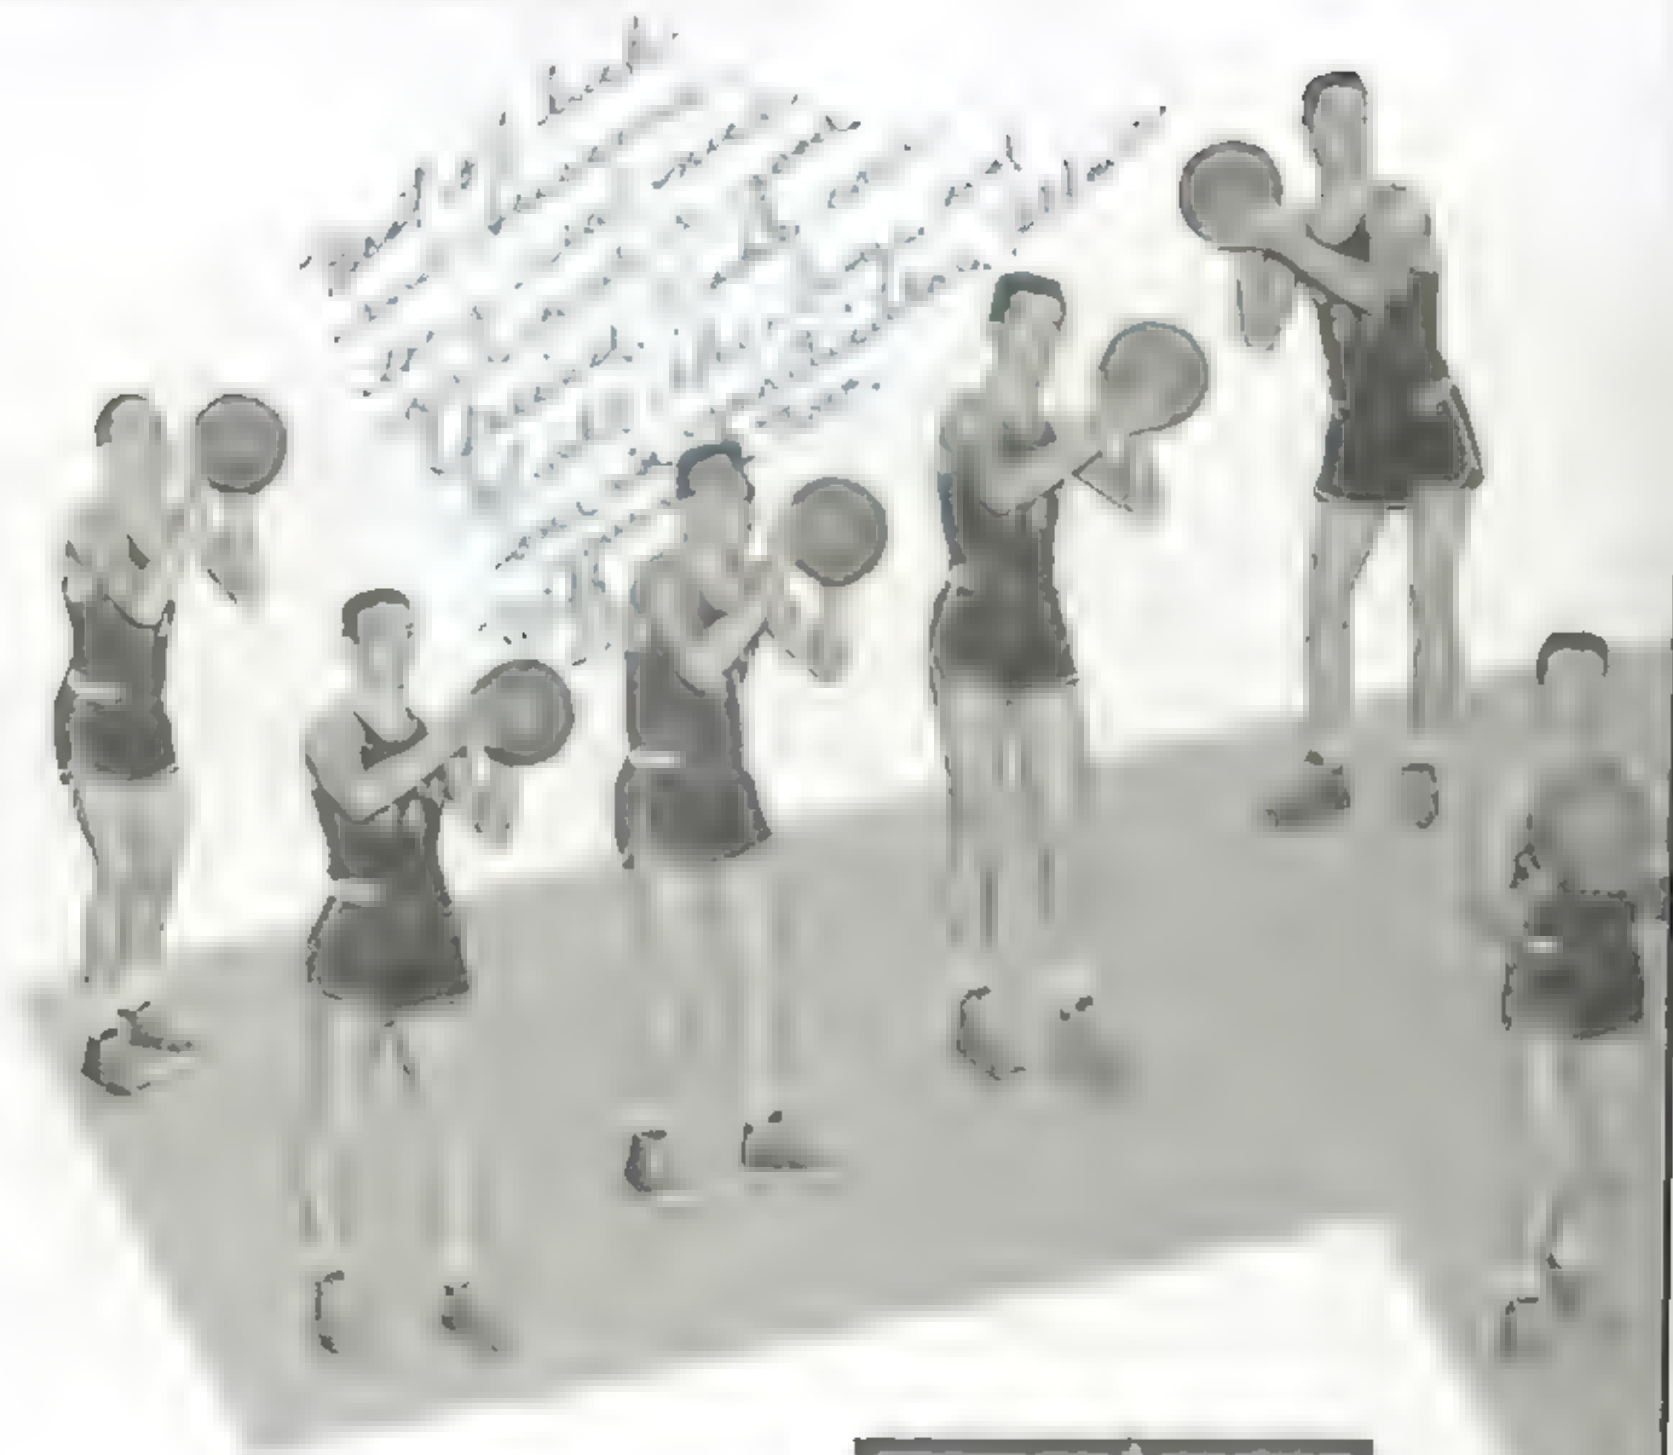

In the playoff game the Trojans jumped off to a 33-22 half-time lead on brilliant shooting and alert defensive play. Then an inspired Carlisle team put on a tremendous rally, and this, together with the Trojans' inability to score, resulted in a final score of Carlisle 62, Chambersburg 48. Carlisle earned its first Conference Championship since the league had been organized in 1930 (Carlisle lost to Manheim Township in the District III semi-final. This is the first time in twelve years that a South Penn team will not be in the Class A finals in District III.)

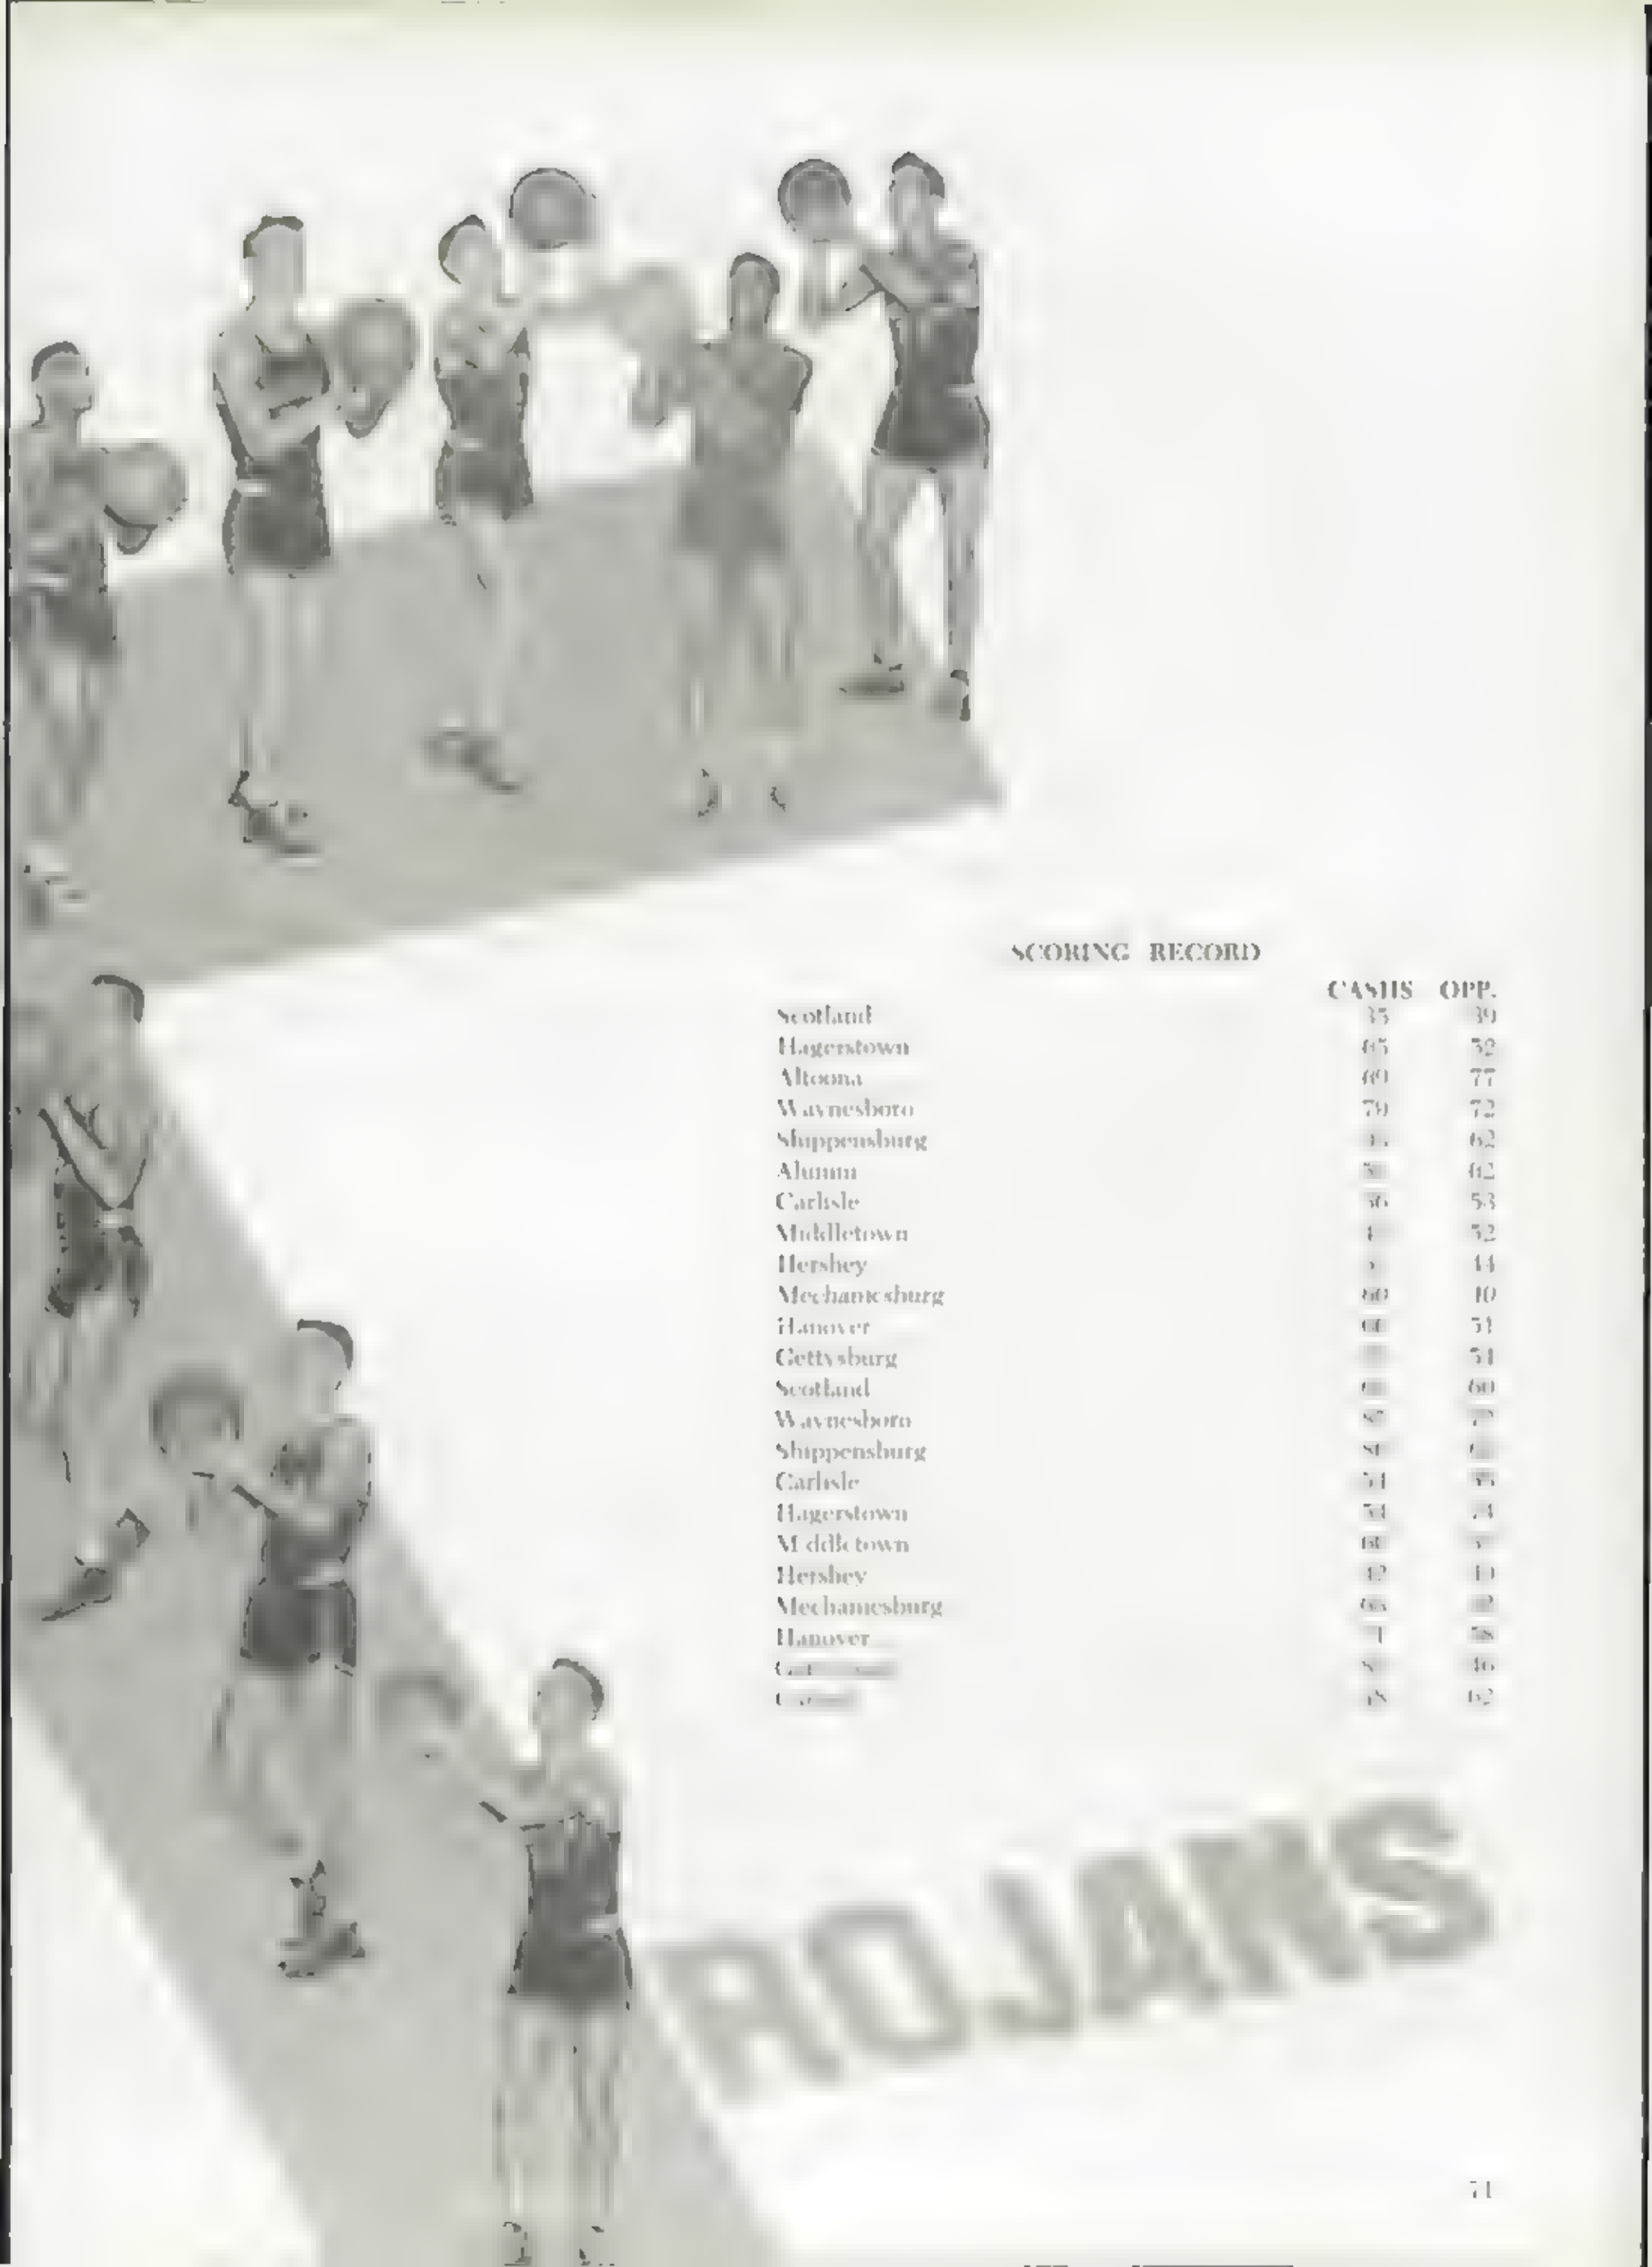

The Trojans' season record was 15 wins and 8 losses. They set a new South Penn scoring mark of 1068 points. Although they didn't win the championship this year, the 1954-55 Trojans were a team to be lauded for their fine record and good basketball.

The charges of Coach Galen Warren compiled a very enviable record, winning fifteen of twenty-two games. By winning eleven of sixteen in the South Penn Conference, the Warrenites finished in a tie for second place with Carlisle. This year's team is looking forward to helping the Varsity in the 1955-56 season. With boys like Eber Leisher, William Kolb, and Herbert Faust the Varsity is sure to go places.

The 1954 Baseball season was one of the most successful in recent years. The overall record was six games won, three games lost and one game tied. With a little more luck, the Trojans could have won the South Penn Conference. Many veterans will be lost for next season. Included among these are Richard Brant, Jake Corwell, Robert Jacobs, Richard Johnson, William McMorris, Ralph Tolbert and George Trail. These boys will be greatly missed, but it is hoped that the oncoming underclassmen will carry on in equally as fine a fashion as the boys who have just graduated.

Although the Trojan track aggregation had one of its poorest seasons, many underclassmen received valuable experience. As a result the team this year should be eager and speedy. Members are looking forward to the day when they can run on a track of their own. Sixteen of the tracksters earned letters; only five veterans were lost by graduation.

The "C" Club was organized to develop a stronger feeling of fellowship and goodwill among the letter winners of our school. The club has as its objective the betterment of character through athletics. Each year the club awards "C" sweaters to members of the senior class who have earned one or more varsity letters. Other

worthwhile contributions are made toward the athletic program throughout the year; namely the taking of motion pictures of our football games and the purchasing of special equipment which is not normally covered by the athletic budget.

Classes . . . the foundation, the superstructure, the final form. Shouldering the tools of learning, the student sets about accomplishing those tasks and developing those skills which will enable him to build a successful life. As he progresses from one accomplishment to another and from one class to another, he becomes more fully aware that his high school education is not the completion of learning but rather the means by which to build new achievements and realize greater fulfillments.

In Memory of
William T. Jones,
Our Classmate and Friend,
Who Died July 11, 1954

Gone are your youthful jokes and pranks,
Taken untimely from our ranks,
There's one less laugh amid the din
And one less cheery "Good Mornin"
We pause to speak in reverent tones,
Fondly recalling our "T-Bone" Jones

BUILDERS AT PLAY

FAREWELL! FAREWELL!

What a wonderful year this has been! It was our first experience as the reigning class. And did we love this new role! Beginning with September 7 (the first day of school) we were busily engaged in all sorts of activities. On the tenth we saw our first football game of the season. What a thrill it was to be eating popcorn, listening to the band at half-time, and cheering for our team once again! Then there was the Hallowe'en Party on October 30. What fun! The Rhythm Kids were really on the beat. Our Thanksgiving dance was also absolutely super. And those decorations — shall we ever forget them! Oh yes, and the Library Play, "Gramercy Ghost," was quite delightful, but the success of the play was, without doubt, largely due to the fact that such senior talent as Dorothea Keys, Bill Achenbach, Jerry Garland, John Martin, and Ann Querry starred in the production!

December brought us the Cheerleaders' Scruff Hop, the opening of basketball season, senior pictures (Aren't we beautiful!), the Christmas concert, and, of course, Christmas vacation. How we did enjoy that vacation! But our freedom was short lived, and very soon we were back in school preparing for exams. It just didn't seem possible that we had completed the first semester of our senior year. Soon we would be completing our last year in CASHS. There was something very sad about the prospect of leaving school. Determined to make our sister

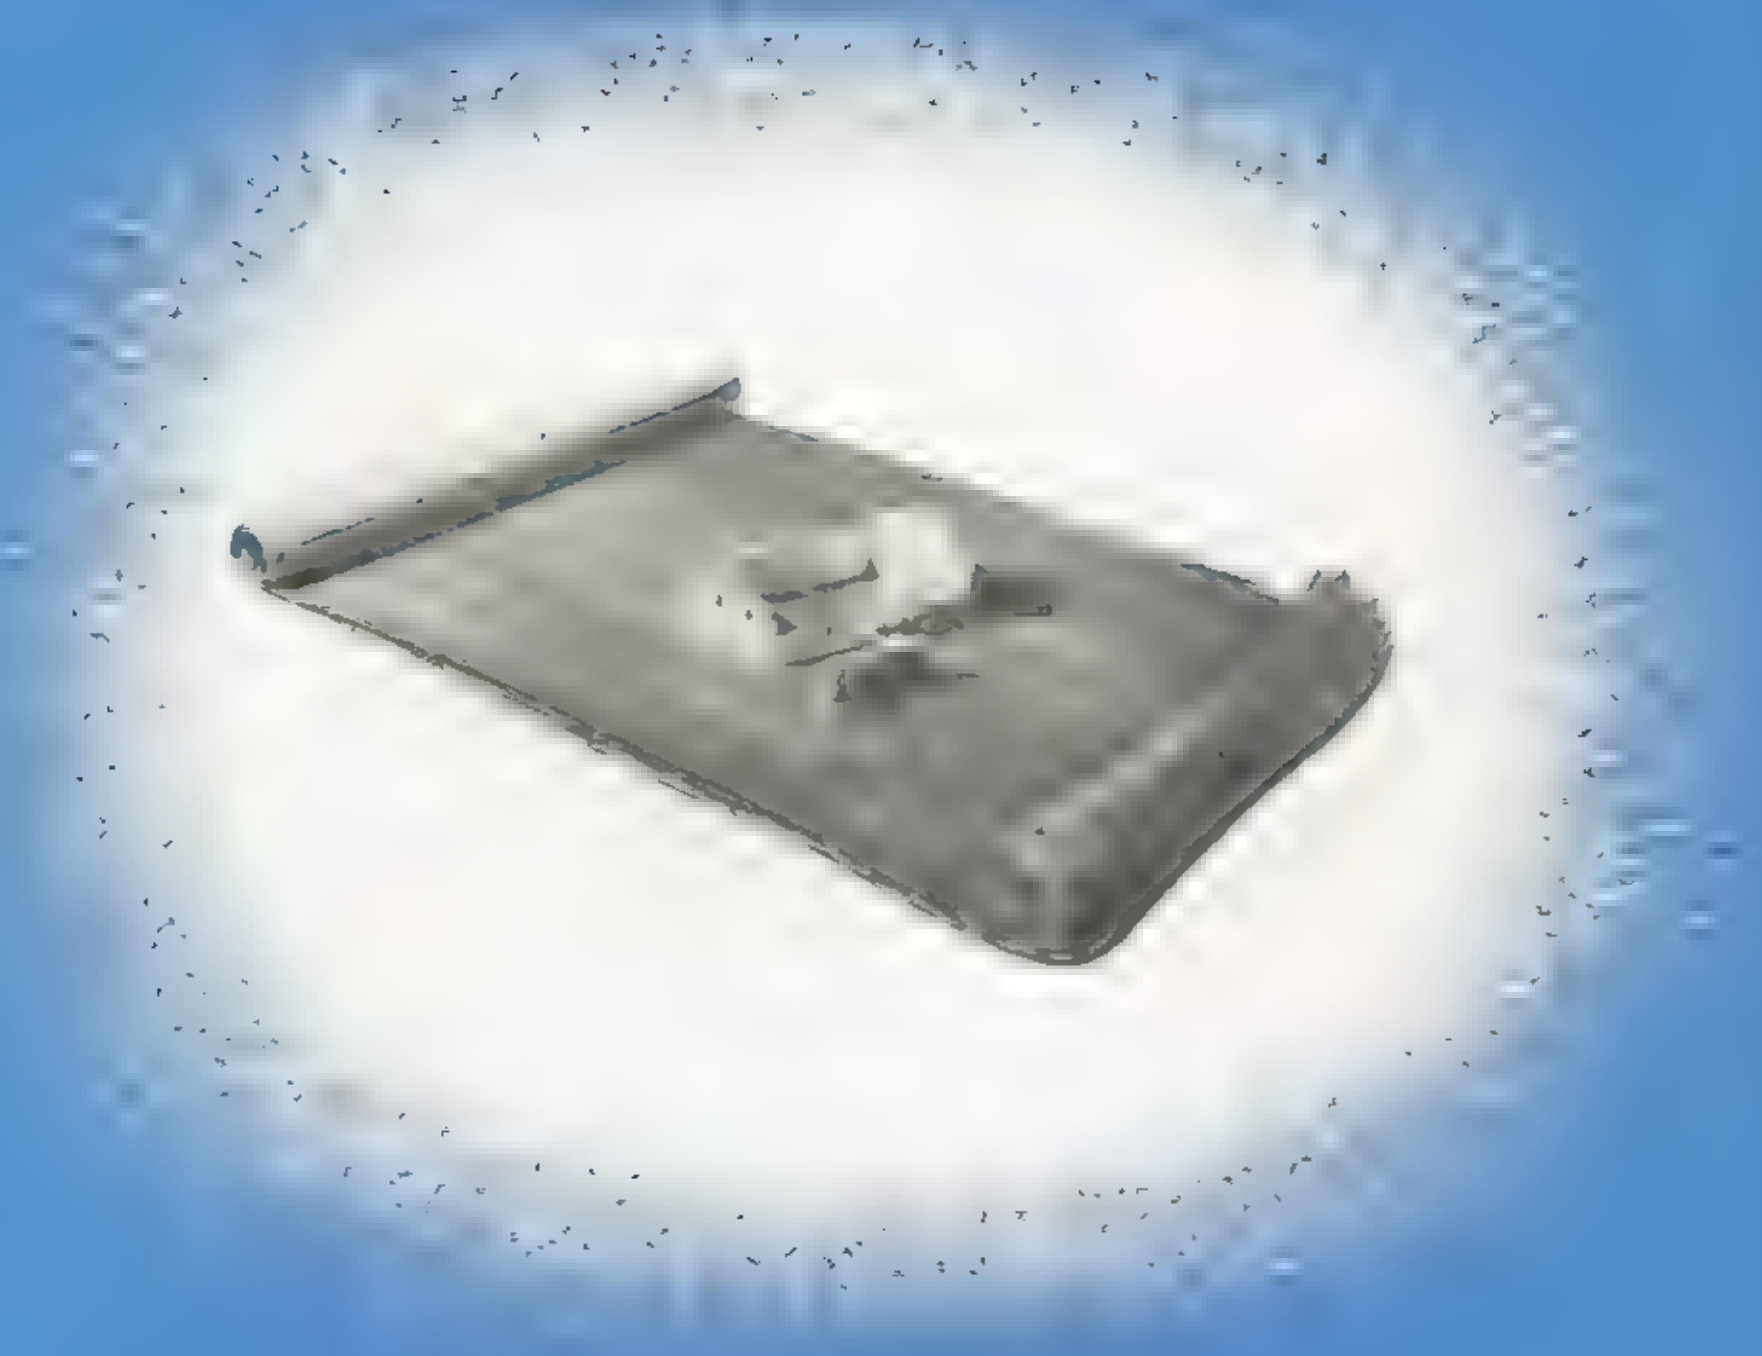

classes remember us, we staged a really terrific play, "Time Out for Ginger." We were indeed proud of our portrayal of a typical teenager's family. By the time we had returned the play props, we were madly rehearsing for the Evening of Music. Excitement kept mounting. Were we really going to move into that new building? Yes, the dream became a reality, and we enthusiastically set about making the transition. Remember those orientation programs? And will you ever forget the day we dismantled the library and actually toted it! We were absolutely breathless with amazement when we first saw the beautiful new class rooms, the cafeteria, the gymnasium, and the auditorium. How wonderful it was to be a part of all this! There were other achievements that we enjoyed during this time too — the band gave a concert, the "Echo" went to press, and we participated in our last Color Day. It was difficult to believe that this was our last chance to flash the Blue and Gold.

The calendar still holds a few events for us — the Junior-Senior Prom, the Washington trip, baccalaureate, and commencement. We can hardly convince ourselves that our high school days are almost over. We realize we can't progress by looking backwards, so let's put our best foot forward and march on to the next step in building our lives.

The Senior Class

Supporting our building program are the patrons of our stockholders. Knowing that the mission of schools is the mission of life itself and eager to invest when dividends are high, they work willingly and loyally to help us achieve our endeavors.
